

VILLAGE OF DOYLESTOWN

SAFETY COMMITTEE AGENDA

Date: February 18, 2026

Time: 5:30 p.m.

Location: Police Department

Old Business

1. *Officer PTO Carry Over

- Request motion to carry over two weeks of paid time off for officer Priest.

2. Streets & Traffic Engineering Coordination

1. Reviewed with Kristen, the purpose of “traffic engineering” is for use when coordinating flaggers etc. for line breaks, paving etc. so Christina put a note for Streets to update their SOP where needed to work with Police/Public Safety.

3. Emergency Preparedness Review

- The Police Department has an Emergency Disaster & Recovery Plan; however, we are not currently required by any oversight bodies to formally exercise it, and it is not exercised at this time.
- Does the Committee wish to receive a recurring preparedness report (monthly or otherwise) in addition to the annual report? If so, what information would you like included?
- Note: The intent is to establish an automatic reporting structure rather than ad-hoc department requests from the Committee.

4. *Criminal Penalty Code Review

- a. Presentation and discussion of the Code research and recommendation.
- b. Note: Copies of research will be provided to Commission (see attached).

New Business

1. Preliminary review of 2027 budget requests (see attached, all I show thus far that needs added/removed from budget is addition \$500 per annum for Solicitors Licensing administration).
2. New Business: Discussion regarding Township request for the Village to propose police coverage services for Township areas.
3. Officer Priest vacation.
4. BWC grant

Administrators Report

I may not be present at 3/18 Safety Committee meeting due to RCAP Conference. Will send agenda request items per usual.
