

Doylestown Shade Tree Committee
June 6, 2016 at 6:30

Kay called the meeting to order. Members present were Kay, Terry and Chris
Meadow Ridge has a dead tree a couple of houses in on the right side that will need removed.
Huffman Street has limbs on both sides of the street that need removed. They are at the bend
right before Clinton Street.

A tree on S. Portage near Denny Morowsky's home needs looked at. We also need to determine
whom it belongs to.

There is a Cherry Tree in Pardon Park that is leaning. Six Ash Trees in Memorial Park are dying
and two Maples near Pavilion # 1 are not doing well.

The street crew will remove dead trees on Northwood. The warranty covering these trees will be
checked.

The committee will divide the streets up for members to determine which trees may need
trimmed or removed.

Terry will cover Marion St., Howard St, Brooklyn Ave., Elmwood Dr. and Dog Wood Trail.

Kay has Vineyard Way, Concord Trail, Catawaba Path, E.Clinton St. and S. Portage St.

Chris has Church St., Frederick St., Orchard Dr., Fairview Ave. and High Street.

Jerry will check Homan Dr., Northwood Dr., Koehler Ave. and Hilltop Dr.

Be observant of tree conditions on any streets not listed.

Kay needs to check with Andy before scheduling the next meeting.

Meeting adjourned 6:48.

Respectfully Submitted, Chris McAnallen
